1. Step 1: Connect the detector to the device.

2. Step 2: Position the detector near the radiation source.

3. Step 3: Press the ON/OFF button to turn on the detector.

4. Step 4: Select the sensor menu using the STEP button.

5. Step 5: Select the appropriate mode (e.g., Mammography).

6. Step 6: Measure the radiation levels and display the results on the screen.
